

Thinking about refinancing or debt consolidation?

There are many reasons why people refinance their mortgage. It could be to reduce monthly repayments, lower their interest rate, consolidate debts, take out cash or simply to change Lenders. Whatever the reason, it is important to consider both the advantages & disadvantages before deciding whether refinancing is right for you.

Before making a decision to refinance talk with a mortgage professional to discuss the advantages & disadvantages so you can decide if refinancing is the best option to suit your needs.
